

CarryOn™ Charging Station with USB-C PD

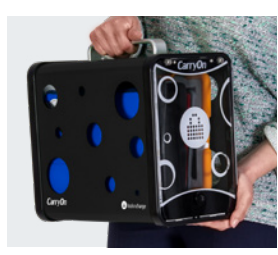

Quickly charge, store, secure and carry up to five iPad or tablet devices.¹

Specs: 11.9"(H) x 7.2"(W) x 12.3"(L) | 5.5 lbs

LocknCharge makes life easier.

Ultra-Mobile. The CarryOn is the most portable charging station on the market. Its compact design coupled with built in handle makes transporting and distributing devices easier than ever before.

Time to Get Organized. It's virtually impossible to tangle the charging cables in the CarryOn Mobile Charging Station. The cords are just the right length to reach each device—no more, no less, no mess.

Efficient Power Delivery (PD) Charging. Quickly charge 5 devices at once at 30W of power per USB-C port. USB-C PD (Power Delivery) is a fast charging technology that delivers much higher levels of power than standard charging when connected to a supported device.

Wall Mountable. The CarryOn includes a handy wall mounting kit so that you can transform any wall into a space for storing devices.

Ultra-Mobile, Ultra-Efficient

Save Time. Save Money. The CarryOn enables students and employees to quickly and easily locate fully-charged mobile devices at the beginning of every day. Because of the simple cabling and short cords, they're also able to plug in devices lickety-split, saving valuable time.

Small but Mighty. At just five and a half pounds, the CarryOn won't weigh you down. Its aluminum construction and built-in handle make it light, durable and ready for travel. Plus, the small footprint and wall mounting bracket keep desk or counter space free from clutter.

Additional Key Benefits

Lifetime Warranty. CarryOns are fully backed by a lifetime warranty on the main frame, electrical and all other components.*

World-Class Customer Support. Our helpful and friendly Customer Support team will promptly assist with any product issues or questions that may arise.

Efficient Power Delivery. Charge five devices at 30W of power per USB-C port. USB-C PD (Power Delivery) is a fast-charging technology, supported by certain devices.¹ This is done by negotiating the optimal charge rate with each device connected to the CarryOn Charging Station.

Compatible. The CarryOn Charging Station with USB-C PD is compatible with the latest USB-C devices. The CarryOn can accommodate most iPad and tablet devices with or without cases. Please check dimensions for compatibility.¹

Taking Portability to the Next Level. The CarryOn holds up to five devices, together with all the charging hardware and cables in one clean, compact unit.

Secure. The CarryOn includes a keyed lock, aluminum outer shell and impact-resistant alloy edging to keep devices safe, secure and protected.

Efficient Setup and Cable Management. Efficiently set up your station while keeping cables organized during use. The rubber retention system firmly hold cables in place without causing damage to the cable.

Neat and Tidy. A cable at the back of the unit plugs into main power, then wraps around the cable cleat when you're on the move. The transparent door allows you to quickly check that all devices have been returned.

Small Footprint, Big Power. Don't have space to waste? The CarryOn fits just about anywhere—mounted on the wall or tucked in a corner.

Functional Design. More than just a pretty face. Form meets function with this sleek and durable design, topped off with an aluminum handle for comfortable and easy carrying.
